# INVITATION

## About

Once a year we are glad to invite you to a day trip to make you familiar with all four Upper Austrian „Vierteln“.

This year we decided on the Hausruckviertel:

### Bahnhof Scheiben

We will be guided through the old, stunning coal station at Scheiben. At first we visit the station building with the interesting museum about the life around the mining boom and then there is also a funny drive with a little train planned.

### Luisenhöhe

We will follow the „way of senses“ up to the top of the beautiful little hill and there is a beautiful lookout, which rewards you with a stunning view over the Hausruckviertel.
