## GradeUpp: Career Program for International Students in Upper Austria

Are you an international student pursuing a STEM degree (science, technology, engineering or mathematics) and currently in your final year of studies in Upper Austria? GradeUpp gives you the chance to join a career focused program that connects you early on with leading companies across Upper Austria.

### JOINING GRADEUPP IS EASY!

You are eligible to apply if you are:

- an international STEM student at Johannes Kepler University Linz, University of Applied Sciences Upper Austria, IT:U Interdisciplinary Transformation University Austria or University of Arts Linz
- up to 12 months before your expected graduation

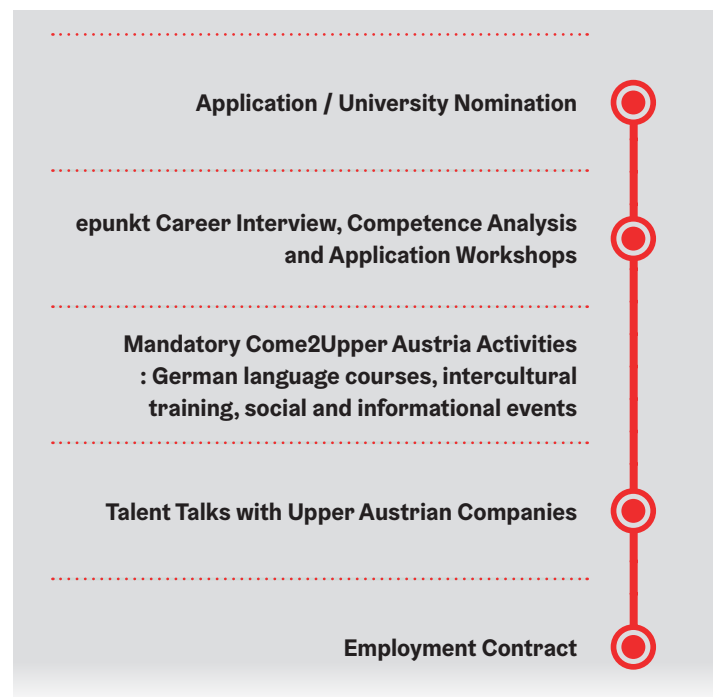

### YOUR BENEFITS

GradeUpp equips you with the tools, connections and confidence you need to launch your career:

- Professional skills and competence assessment
- Support throughout your application process and career conversations
- Direct access to companies across Upper Austria
- Free language courses and intercultural training

All details are available on our website.

Feel free to contact us if you are interested or would like more information:
